

PostureJac Retail Shipping Information

All orders will be shipped when the appropriate fees have been processed. If there is a discrepancy between the amount shown on the fax transmission and the corrected fee, you will be notified by phone or email and authorization will be confirmed for the corrected order.

Shipping rates:

- Canada - Shipped via Canada Post small packet. Note: Canadian taxes must be included.
If you are placing an order to be shipped within Canada, please print the Canadian Fax order form on the third page.
- USA - via FedEx which requires a signature at the destination. This can cause delays and inconvenience if no one is available to receive your order. If you authorize the parcel to be left without a signature, it will be done, but you accept the responsibility.
- Outside Canada/USA - Via Canada Post airmail/small packet, no tracking #. If you wish to receive a quote for expedited shipping with tracking #, or surface shipping, no tracking #, please email sales@posturejac.com.

Applicable Prices: Published prices on the website on the day the fax or mail order is received will be considered the valid price for the item. Refer to current purchase and shipping prices as posted at <http://www.posturejac.com/index.php/purchase-and-sizing-information.html> . To expedite the order, you are encouraged to check the order carefully so further authorization is not necessary and the delivery is delayed.

Additional shipping information may be faxed on a separate page

Questions about your order may be answered by email contact or phone contact listed below during regular business hours in the Eastern time zone. If the office is closed, leave a voicemail for response during office hours.
