

Posture Correction and the PostureJac™

The x-rays show the contrast of the cervical spine while engaging the PostureJac™.

X-ray of cervical area of patient without the PostureJac

X-ray of cervical area of patient while using the PostureJac

Restored vertical alignment in the neck and shoulders

- Improves occipital flexion.
- Decreases occipital hyperextension.
- Improves temporomandibular alignment
- Reduces muscle tension in the neck and shoulders
- Reduces the risk of neural impingement
- Improves circulation and drainage to and from the head-neck region.
- Relieves thoracic cavity compression
- Initiates proper alignment of the entire body

The PostureJac is manufactured and distributed under license agreement with Dr. H. Makofsky, by SomatoCentric Systems Inc., 250 The East Mall, Suite 110, Toronto, Ontario M9B 6L3
